Compilation of Teaching Evaluations

Suraj Rampure

rampure@ucsd.edu • rampure.org

The following table contains the teaching effectiveness ratings for each class I've taught as an instructor of record. These numbers come from official course evaluations, which are included in their entirety in the subsequent pages of this document. The blue hyperlinks point to course websites.

Institution	Course, Term	Rating	Enrollment	# Respondents	Pages
UC San Diego Before Fall 2023, "Rating" represents the percentage of students that answered "Yes" to "Do you recommend this professor overall?" UCSD stopped including this question in official course evaluations in Fall 2023. *Co-taught. At UCSD, this means another instructor taught a separate section, and at Berkeley, this means another instructor jointly taught the same section. In all cases, all materials (incl. lectures) were created together and shared. †A and B refer to two sections of the same course, both taught by me.	**DSC 10, Fall 2023*** *Principles of DS*	Not collected	136	114	2-14
